CASCADIA™ DAY CAB

CASCADIA™ DAY CAB

The Freightliner Cascadia Day Cab is the smart choice for TL/LTL/Bulk haulers. Manufactured with an aluminum cab and constructed to exact dimensions with tight tolerance, stamped parts and precision fixtures, the Cascadia is optimized for strength and maximum payload. Powered for productivity and designed to save time and money while pulling down a profit, the Cascadia Day Cab is the solution to keep your business and lifestyle moving toward success.

Cascadia Has What TL/LTL/Bulk Haulers Want

- Industry leading aerodynamics — Increases fuel efficiency
- Easy maintenance/service — Stay on the road longer
- Standardized components — Reduces repair costs
- Safe and comfortable operation — Keeps drivers on the job
- Powered for any application — More production/more profit

Driver Comfort/Driver Retention

- Increased belly, leg and elbow room
- More headroom for the tallest driver
- Large, comfortable seats fit drivers of all sizes
- Powerful HVAC system with 6 outlets
- Handy overhead storage console
- Cab insulation and pre-stressed walls reduce noise

Safe and Easy to Drive

- Wrap around dash with easy to see, use and operate controls
- A tilt-telescoping steering column adjusts for driver comfort
- Steering wheel controls keeps hands on wheel and eyes on road
- Three different dash gauge packages to suit your needs
- Life Guard RollTek® — Exclusive to Freightliner reduces injury and accident costs

Maximum Maneuverability and Visibility

- Rack and pinion steering available
- Up to a 50-degree wheel cut
- A sloped hood for optimum visibility
- Large windshield — Roped-in design available
- More mirrors for greater visibility range
- Large rear window — 21" x 54"

Superior Fuel Efficiency

- Wind tunnel designed and tested over 2,500 hours and 16 months
- Industry leading aerodynamics reduces fuel consumption
- Improved airflow increases fuel economy
- Available with side fairing, air shield roof fairing and more

Money Saving Maintenance and Service Design

- Fixed pin locations in electrical connector for easy service
- Convenient Power Distribution Module reduces downtime
- Standardized components and headlamps cut repair costs
- Three-piece bumper — reduces repair costs
- Three-piece rain tray for top of engine access
- Gas strut assisted hood for effortless open and close
- Breakaway mirrors decrease cab and hood damage

Powered for Profitability

- Detroit Diesel Series 60 455 hp — standard
- Detroit Diesel Series 60 445 hp — 515 hp
- MBE 4000 370 hp — 450 hp
- Caterpillar C15 435 hp — 550 hp
- 1625 sq. inch radiator — standard
- 1755 sq. inch radiator — optional
